

4. Joyful Summerwork

JUNE 21TH - JULY 14TH 2021

Moving MÆGEDE

Who are we?

Bea & Christian Wittekindt in Werder/Havel
Birk, Maarja and many more...

Where is the project located?

Mægede Talu – *Farm of Hills* – in the village of
Isabella on the Estonian island Hiiumaa

What could it become? Our dreams, visions and plans...

We want to plant a seed for:

- ☀️ a place of experiencing the healsome nature of nature, creativity and community
- ☀️ a garden with fruit and veggies, with flowering hedges and meadows and the growing and processing of spice herbs and healing plants
- ☀️ a space of art, music and an international, multi-cultural community
- ☀️ a guest room, in which families and individuals can regenerate, gain strength again and adjust their inner compass through simple, naturebound living

Our plans for this year :

- ☀ complete the seminar house
- ☀ plant the field garden
„Gardens of the Future“

What can we offer?

- ☀ shelter for your help
- ☀ personal contribution for food
- ☀ space for tents & trailers on the farmland
- ☀ solar showers & composting toilets
- ☀ campfires & a lot of space
- ☀ reduced fee at the herbal seminar (July 15th-20th)

What does this place offer - besides a lot of work?

- ☀ lots and lots of forest, dunes, vast solitary sand beaches and a rocky shoreline, juniper heathlands and marshlands on Hiiumaa (also referred to as “the Island of Landscapes”)
- ☀ blueberries, blueberries, blueberries...
- ☀ the chance of a profound, lively encounter with the Estonian culture and music scene at the **FOLKFEST „HIIU FOLK“** from **JULY 15TH – 18TH** directly on Hiiumaa www.hiufolk.ee

Where to register and until when?

Previous registrations make planning easier and have priority over short-term inquiries! Please send your **REGISTRATION** to Christian Wittekindt:

MOVING-MAEGEDE@POSTEO.DE

With 20 people working and living together, a space even of this size, would get too crowded, so we are limiting the number of participants to a group of 15 people.
